Have you or one of your patients lost an item of value in our linen?

📞 Call 1300 477 546 with the details and we'll do our best to find it for you*

Did you know?

Each year we retrieve hundreds of missing items such as phones, keys, jewellery, teddy bears and more.

We usually find these forgotten in sheets and blankets that have been sent for laundering.

Next time you strip the bed or hand in your scrubs for laundering, don't forget to thoroughly check the linen for loose items.

*The 1300 number is available Monday to Friday 7am -3.30pm. Outside of these hours you are welcome to leave a message.
